STI UTV Action Series Round 2 September 2, 2018

Glen Helen Raceway is very excited for the next round of the STI UTV Action Series, presented by 5 Speed Energy, coming up September 2, 2018. Other than a warm day, the first round was awesome with a great course, laid out by 4-time national motocross champion, Gary Jones. Approximately six miles long, it gave UTV drivers an adventure not to be forgotten. Natural terrain, off-road sections, Lucas off truck track and even some sections of the motocross track were all included. There were several areas to make passes, which proved to inspire some great battles.

For round two, our course will include most of the same track design as in round one. The stock UTV and Quads will run 60 minute sessions, while the Modified division will run 90 minutes. We have a shorter course for the 190cc UTV as well. There will be another fun day on Saturday to include the Lucas Oil Off Road Truck Track and Baja Drags and STI will be giving away another set of UTV Tires. And, yet again, we are organizing a nice Pro Purse, so mark your calendars for September 1-2, 2018 as both UTVs and Quads are welcome and no membership is required.

Pre-registration is now open on-line at <http://glenhelen.com/register/>.

Entry Fees:

Youth 70cc \$50
Amateur: \$75
Pro: \$100
